The Green, Hempton, Fakenham, Norfolk NR21 7LG

## HEMPTON MEMORIAL HALL COMMITTEE REPORT 2022

Thanks to various Government Grants for Small Businesses, we have been able to undertake various major purchases which would otherwise have been impossible. We have replaced the old heavy chairs with much lighter ones and improved the flooring in the lobby, small areas of the Hall, stairs and stage. Most importantly we have installed " Green Energy " in the form of Thermodynamics for hot water and Air to Air Bricks to regulate the temperature.

Despite difficult times with Covid 19 and the "minefield" of accompanying rules and regulations, we have managed to "bounce back" successfully with more classes than before. We were also chosen from all the Village Halls etc. in North Norfolk, by a Government Agency, to hold the Theory part for Driving Tests.

Thanks go to all the Hall Committee for thier help.
